## CADET CORPS INITIATED AT WASHINGTON HI

CENTERVILLE — The California High School Cadet Corps was made an integral part of the curriculum of the Washington Union High School by trustees last week in adopting a compulsory pre-induction training program for all boys enrolled. The initial project including purchase of uniforms and of guns will amount to from \$1300 to \$1600, no additional expense anticipated for several years.

The only boys to be excused from the program will be those who bring notes from parents or excuses from physicians. A minimum of 80 minutes a week will be devoted to drill, map study, hygiene and correlated subjects under the instruction of Coach Irving Hird who has been commissioned a second lieutenant by order of Governor Warren. Principal J. V. Gould will be the advisory director of the program.

This is the first Southern Alameda County school to adopt the program as a part of the curriculum. Trustees also voted in favor of an inter-school athletic program in keeping with expressed approval by Army and Navy groups and as a result of rulings by the ODT with regard to use of gasoline for such purpose. Both programs were adopted by trustees for inherent value and as morale building agencies, they said following presentation of the plans by Coach Hird.

Juniors and seniors will be eligible for R. O. T. C. commissions; sophomores for non-commissioned or commissioned officers, and freshmen will be privates. Purchase of uniforms and guns was authorized.

## PLANS PERFECTED FOR WAR CHEST DRIVE MONDAY

The great national War Chest drive begins next Monday, the drive to include raising USO funds, money for a dozen relief organizations plus local needs, such as Scouting, usually covered by Community Chest drives.

The goal is \$125 million dollars nationally; California's quota is eight and a half million; Alameda County's is \$776,000 and Washington Township's \$15,000, plus local needs, estimated at \$2,000 or a total of \$17,000.

Township Chairman Ed Enos of Niles conducted a kick-off meeting Wednesday evening in the Niles Justice Courtroom and perfected plans for the Township's drive which begins next Monday and runs into November.

Livermore and Pleasanton together have taken a \$15,000 slice of the County's quota, plus their local Scouting or other needs. There will be no separate drive for Boy Scout funds this year as the coming War Chest campaign will include raising their budget as well as any other public activity except the American Red Cross.

Enos announces the following town chairmen: E. D. Meeker Niles; Jack Rees, Centerville; Rev. Jackson Webster, Newark; Bob Wright, Irvington; J. E. Lewis, Alvarado; George L. Smith, Decoto; Mrs. Harley Justus, Mission San Jose and John Smith, Warm Springs, with A. J. Petsche of Niles serving as chairman of an initial efforts committee which contacts the larger organizations.

Whatever your Boy Scout and USO contributions have been in past years should be given to the forthcoming drive, plus whatever else you can spare for War Prisoners Aid United Seamen's Service, Refugee Relief and more than a dozen foreign war relief organizations.

Nearly half, or 61 million of the national quota of 125 million in the coming campaign will be given for the functioning of the USO.

## GAS COUPON VALUE CUT TO THREE GALLONS

Monday evening's radio newscasters had the job of announcing to Pacific Coast motorists that the value of A, B and C gas coupons would be cut at midnight from 4 to 3 gallons per coupon, because of increasing military and naval demands for gasoline.

In fact, the gasoline demand of automobiles in the 10 Western States had to be limited to 165,000 barrels per day, to make a saving of about 26,000 barrels per day below present consumption.

The newscasters also asked motorists not to apply to their local Ration Boards for more gasoline until after October 20. California motorists have known for the past 10 days that the cut was coming. Gasoline, tires and automobiles are becoming increasingly precious now.

## RATION BOARD PENALIZES MOTORISTS FOR LOSS OF BOOKS

Six motorists were penalized last week by the Washington Township Rationing Board for loss of ration books and for speeding.

Juan Ogalli of Centerville lost four stamps for loss of book; John R. Kettman of Newark, four stamps; Harry Tyson of Niles, four stamps; Margaret Lynch of Niles, four stamps on a 60-mile speeding charge; Alfred Martinez of Niles, two stamps for driving 40 miles per hour in a 25-mile zone and Virgil Olson of Niles, two stamps for driving 45 miles per hour in a 25-mile zone.

New hours for the weekly meeting of the board were announced, the regular date changed from Wednesday to Monday at which time motorists will be interviewed by appointments only. The office is open to the general public daily and on Wednesday nights.

## WASHINGTON TROOPS HOLD HONOR COURT

The first court of honor of the season for Washington Township Boy Scouts was held at the Niles Grammar School Monday at 7:30 o'clock.

## TWO TOWNSHIP POSTS GO ON ALERT BASIS

After 6 o'clock this Saturday night, October 16 the four remaining active Air Observation Posts in Alameda County, situated in Niles, Warm Springs, Sunol and Pleasanton will go on an alert basis the other 12 posts having been discontinued by order of General H. H. Arnold.

At a meeting of observers held last Thursday night in Memorial hall at Niles Kenneth Foster was installed as area supervisor and E. H. Frick accepted the post of chief observer for Niles. By present arrangement with the Fourth Fighter Command certain key persons will be notified sufficiently in advance to man the Niles and Warm Springs posts in Washington Township should an unidentified target be reported off shore or should a missing plane be reported, Mr. Vieux informs this newspaper.

Many faithful observers who have manned the four Township posts may proudly wear their 100 hour pins, and some few their 500 hour pins as permanent evidence of their patriotic services performed in manning the posts at Alvarado and Newark, as well as Warm Springs and Niles.

Practice drills for the Niles and Warm Springs observers will be called from time to time, Mr. Vieux says.

As Area Supervisor Mr. Vieux wishes to thank the local businessmen whose kind donations have kept a "mess fund" provided for some of the local posts. The remainder of the former State Guard dance fund which was turned over to the Air Warning Service has to be retained for painting the Niles Post, restoring the property at Newark where the Newark post stands, and dismantling of the steel post at Niles after the war ends, he says.

## NILES P. T. A. WANTS TOMATOES & EMPTY JARS

Growers who have any surplus tomatoes are asked to donate them to the Niles P. T. A. for use in its cafeteria, and housekeepers who may have extra empty jars are also asked to donate them so the tomatoes can be put up for winter use. Please see Mrs. Joseph Silva, chairman of this activity.

At Tuesday afternoon's well-attended meeting, with Mrs. L. A. Mayer presiding it was announced that eighth grade girls would be on hand every P. T. A. meeting afternoon to take care of small children on the school grounds while their mothers attend the helpful meetings.

Mr. Bristow welcomed the mothers and teachers. After a business meeting, Mrs. Edna Elbricht spoke on the health program and Mrs. Marietta Holeman spoke on Nutrition with Rationing.

Refreshments will be served at each meeting and the meetings will be held in the school library. Thursday, October 21 the Council is meeting at the school and all mothers are urged to attend.

Under the direction of Mrs. Parry, several ladies will can tomatoes in the cafeteria for use there.

## HOMES FOR WAR WORKERS BEING SOLD AT NILES

Defense workers new homes in Canyon Heights are still selling like hot cakes with six applications for purchase filed for approval last week, according to E. W. Stenhammer, tract manager. Not all the applications are approved, however, as the party applying must be working in a plant which works 87 1/2 percent on war orders. New construction is at an end for the time being, Stenhammer says, his chief difficulty at present being in finding workers to wash windows of the new homes offered for sale.

## TOWNSHIP TO KEEP UP WAR BOND DRIVE

NEWARK — With approximately \$60,000 to go to reach the Washington Township quota of \$560,000 in bonds in the third war loan, Chairman L. R. Burdick has announced that the local campaign will continue this week.

All neighborhood canvassers are asked to continue their house to house calls to homes that have not yet been contacted.

The program and investiture service for Tenderfoot Scouts was conducted by the Niles troop under the direction of Scoutmaster Fred Duffie. Other troops participating were from Centerville, Irvington, Newark, Decoto and Alvarado.

## T BOOK RATIONS

Transport Rations for the fourth quarter are now due and may be had by mailing your Certificate of War Necessity with Tire Inspection Record to the Washington Township War Price and Rationing Board, this newspaper is advised. This applies to T-holders only.

## GET YOUR WAR RATION BOOK 4 OCTOBER 20-22

In just three days next week starting Wednesday morning at 9 and ending Friday evening at 8, every Washington Township holder of a War Ration Book No. 3 must call at his nearest schoolhouse in order to obtain his Ration Book No. 4, said to be the last ration book to be issued.

One member of the family may make application on one of the three days: next Wednesday, Thursday and Friday from 9 a. m. to 8 p. m. at any Township schoolhouse, though he or she must bring every No. 3 Ration Book owned by members of the family to present when applying for an equivalent number of the new Book 4s.

Each Book 3 must be properly signed by the owner, must bear correct address, age, sex, weight and height and must be presented at the time Ration Book 4 is applied for.

Parties who for any reason fail to get their new books during the three day application period at local schoolhouses next week may have to wait a long time before the over-worked Township Rationing Board will have any Book 4s available for issuance at their office.

Applicants do not have to apply in alphabetical order; it will be first come, first served and Books 4 will be issued immediately providing the Book 3s you present are correctly signed and filled out, this office is informed.

## CHAMBER MOVES TO GET MONEY FOR RATION BOARD

The Niles Chamber of Commerce on Monday appointed Walter Waynflete a committee of one to put forces in motion to request the Board of Supervisors to pay the small monthly cost of operating the Washington Township War Price and Rationing Board situated in Niles. The Supervisors pay the monthly rent, the OPA the light and water bills, but no provision has been made for paying miscellaneous monthly expenses for fuel, janitor, printing or other petty cash items, amounting to not over \$30 per month.

Waynflete was instructed to report progress at next Monday's meeting of the Chamber. The membership did not feel Township organizations, whose members are already taxpayers, should be solicited to pay for the Ration Board's maintenance. It is believed the Board of Supervisors has funds available for this purpose, particularly since the closing of the County's 16 Air Warning Service Posts, whose maintenance has been costing the Board about \$225 of taxpayers money per month for light and water bills for more than a year past.

It is felt locally that the Township's Ration Board's functioning is of war-time importance equivalent to the Air Warning Service, now discontinued, and should be maintained with taxpayers' money as the Warning Service was heretofore maintained, without soliciting over-worked merchants and businessmen for further funds in addition to county taxes they have already paid.

## FOOD SALE FRIDAY

Emmons, Western Defense Commander, succeeding Lt. Gen. John L. DeWitt who was promoted to be chief of the War College in Washington, D. C.

Householders may now leave their window shades up after dark if no unshaded light is located nearer than six feet to a window. Yard lights must remain shielded from above, as heretofore. Stores may now light their street windows after dark by shaded or indirect lighting.

Interior lights in stores may remain unshielded if they are located not less than six feet from windows. Night athletic events may be held though ground lights must be shielded from above and horizontally and may not exceed 30 foot-candlepower without special permission.

Neon and other outdoor advertising signs may NOT be used except in communities and areas east of highway 21 which runs through Walnut Creek and Dublin. Santa Rosa, San Jose and Gilroy are outside the Zone A limits, but all of Washington Township is situated in Zone A, which is a primary dim out area. All lights visible from above are still prohibited through out this area.

Traffic lights in nearby cities have been authorized to have their "blinders" removed.

## COOKIE BRIGADE ABANDONED; DONORS THANKED

The Cookie Brigade which for nearly a year has provided home-baked cookies for use of convalescing service men in Alameda County has been abandoned, this newspaper is informed.

Mrs. Alice Williams, chairman of this activity in the East Bay last week notified Mrs. W. A. Baldwin, Township chairman that many of the donors have their own sons, husbands or relatives now in the service and prefer to send their cookies directly to them.

Both Mrs. Williams and Mrs. Baldwin through this newspaper desire to publicly thank generous women of Niles, Centerville, Decoto and Alvarado who, during the past 11 months, have baked and donated more than 500 dozen cookies which have been greatly appreciated by the service men receiving them. This was a very fine showing for Washington Township, they say.

The money remaining in the Brigade's treasury will be entirely spent for Planters Peanuts to be sent to the boys overseas, Mrs. Williams states.

Thanks are extended all those who participated in this activity for their generosity and wonderful co-operation.

I OFTEN wonder how many of us realize the vast quantities of good food we normally throw away each day. Yes, it's literally so: most of us waste enough in a month to feed our families for days!

Wartime conditions make it more necessary than ever, of course, that each of us cut food waste to an absolute minimum. We all know that, in a practical sense, it's impossible to avoid having some leftovers. But they can be used, tastefully! Meats, macaroni products, gelatin and desserts stand up well as leftovers, and many times they can be dressed up in casseroles, soups, and similar dishes, with fresh vegetables added to give new nutritional strength. Tomatoes, green peppers, lemon juice or parsley work wonders with leftover flavors and add good vitamins. And onions add perkiness!

On the whole subject of wasted food, here's a check list that has a practical value:

Here's a Quiz for YOU  
on Kitchen Economy

Do you cook meats carefully, to avoid shrinkage and to avoid burning the fat? Yes ☐ No ☐

Do you strain the fat from your meat cooking, and use it whenever you can in place of shortening? Yes ☐ No ☐

Do you regularly take used fats to your meat man, so they can be turned into ammunition? Yes ☐ No ☐

Do you use vegetable "cooking water" in soups and sauces? Yes ☐ No ☐

Do you take leftover meats and vegetables and turn them into savory stews, salads, etc.? Yes ☐ No ☐

Do you plan the exact amounts of food you'll need, and buy them accurately? Yes ☐ No ☐

Do you put fresh vegetables away so they'll stay fresh and nutritious? Yes ☐ No ☐

Do you use all of each slice of bread (leftover toast and crusts are fine for crumbs)? Yes ☐ No ☐

When fresh fruits and vegetables must be peeled, do you pare them carefully to save vitamins? Yes ☐ No ☐

Do you avoid serving each member of your family more than he can comfortably eat? Yes ☐ No ☐

Do you make sure, each day, that your garbage pail is not sabotaging your food plan? Yes ☐ No ☐

If your answer is "Yes!" to each of these questions, you're all right! If not, my suggestion would be: start today to look for food waste in your kitchen!

### FUNDS NEEDED FOR THE RATION BOARD

The Township War Price and Ration Board at Niles has no funds with which to pay fuel, janitor hire and petty cash expenses, amounting all told to about \$30 per month. The Board of Supervisors pays the rent.

The Supervisors, effective October 16 will be relieved of the expense of maintaining 16 air observation posts throughout the county, or of more than \$200 per month heretofore paid for lights and water. The board will still pay a small stand-by charge, estimated at \$1 per month each for the four posts remaining on an alert basis, situated in Niles, Warm Springs, Sunol and Pleasanton.

It seems that the Board is now in a position to pay the relatively small cost of \$30 per month for meeting the maintenance expenses of the Township Ration Board, which is required to function by

government order.

WITHOUT having to "pass the hat" among Niles businessmen or organizations, and without asking the board members, who serve many hours per week without pay, to dig into their own private pockets to pay the light heat, water and janitor bills, as they have been generously doing for more than a year.

Mr. George Roeding Jr., board chairman some time ago paid the expense of installing fluorescent lights and linoleum, amounting all told to about \$450, out of his own pocket.

This is the height of something or other. Isn't it enough that Mr. Roeding and the other board members, busy businessmen all, donate hours of their time each week to this imperative (but generally thankless) task without having to pungle up money from their own pockets?

Although we may not "like" ration boards, we don't like war either, but both have to be carried on, and both take money.

We hope the Board of Supervisors will see its way clear in this matter and act accordingly. The Niles Ration Board functions under government order for the benefit of all of Washington Township and its more than 13,000 population.

— W. W. —  
**OBSERVING "ARMISTICE DAY" SHOULD BE ABANDONED**

Still we go on observing that silliest of all holidays, Armistice Day of 1918 when in 1943 we are again fighting that most dishonorable of all enemies, the Germans, to whom we granted an armistice a quarter of a century ago—just because we have got in the habit

of celebrating that particular day. When the day of Unconditional Surrender of the Germans arrives it will be time enough to mark that day for celebration in the years to come. Until that fought for day arrives we should end any recollection of that now futile Armistice Day of November 11, 1918.

Legislative and patriotic bodies should take steps to end any further observance of Armistice Day while awaiting the arrival of the prayed for day of War's End.

— W. W. —

### HOW ABOUT SUPPLIES?

Certain military authorities say the German Army is stronger in manpower than it ever was. They are inducting men up to 59 now.

But how about material? A report from Stockholm says the frequent peace feelers are being put out "because the German army is unable to obtain sufficient supplies to continue even a defensive war indefinitely."

Which is to be expected. After all, the British blockade strangled Germany during the last war—and the British blockade is still being maintained in this war. Germany can't resist forever—notwithstanding Hitler's brave whipping up of spirits.

— W. W. —

### PROTECT THAT CHECK

If an allotment or allowance check is received from the Government, the Secret Service urges that these simple suggestions be followed.

Never endorse a check until you are actually in the presence of the person who will cash it.

Be sure your mailbox is locked. Whenever possible, arrange with your mail carrier to deliver all checks in person rather than to the box.

See that your name is printed plainly on your mailbox.

If you change your address notify the postal authorities immediately.

Cash your checks in the same place each month.

Cash your checks yourself. Don't send small children to the store with it. Such a practice encourages juvenile delinquency and already one Federal Judge has sentenced a merchant for cashing a Government check for a child, obviously not the payee.

— W. W. —

### STILL GOOD PICTURES

Ain't it joyous how some of the things you worry about never happen?

For example, early last spring when the government clamped a \$25,000 lid on individual earnings it was suspected the top flight moving picture stars would have to "lay off" after making one or two pictures.

But not so: good pictures are still being made by the big stars, and are being shown promptly and in full at both the Niles and Irvington Theatres where Township citizens may enjoy them with a minimum outlay of rubber and gas.

(Now if income tax blanks could be simplified we'd really have something else to rejoice about!)

— W. W. —

### SUCH APPEALS SHOULD NOT BE NECESSARY

Almost every week newspapers are asked to carry an appeal to the men and the women of this area, urging them to volunteer for the blood bank, to give a pint of their blood that some stricken serviceman might live to come back to his wife, his folks or his friends.

It is a strange appeal. Out of a population estimated at 30,000 in this area, it would seem to us, 100 men and women, every other week, shouldn't be hard to find. Instead of begging for volunteers, the procurement center should be swamped

ed. Citizens should vie for the privilege.

There must be something lacking in our patriotism, to make such appeals necessary at all.

—Hayward Journal  
 — W. W. —

### PLEASE GIVE TO THE WAR CHEST

Most Americans are deeply moved by the plight of our allied war victims. When a Chinese mother has to watch her baby die for want of a simple drug—when Greeks by the hundred drop dead in the street from starvation, decent Americans cannot close their eyes or turn their backs.

Our local war chest campaign offers the citizens of this community a chance to help alleviate the suffering of these allied peoples. In cooperation with the California War Chest and the National War Fund, the local appeal raises funds for 17 national war-related causes. The money will go to services for our own boys, through the USO, the United Seamen's Service, and War Prisoners Aid, and to 14 United Nations relief agencies.

These 14 organizations provide food and medical supplies to the peoples of occupied countries, when it is possible. They ship medical supplies and clothing to our fighting allies, maintain hospitals, nurseries, hostels in these unoccupied nations. They provide relief for millions of refugees and homeless children scattered throughout the world.

The morale and spirit engendered by our tangible gifts of mercy and friendship go a long way toward keeping our allies in the fight, toward safeguarding the very lives of our sons and brothers. We are fighting side by side—strengthening the weak points on the United Nations front will bring a quicker victory.

NILES ROTARY  
MAKES STUDY OF  
POST WAR ERA

Purchase of war bonds sufficient to tide over a six months slump during the re-conversion period to peace-time industry was recommended by Niles Rotarians at the club's post-war work pile program.

The 30 members reporting on plans already made for post-war work in various local industries were practically unanimous that there would be an increase of local business and employment after the adjustment period, investments ranging up to a million dollars in individual companies being anticipated for expansion.

Garage and automobile men said their job would be to get "walkers back into automobiles whose use will be more and more curtailed due to lack of parts, tires and gas rationing. Construction of business, home and farm animal shelters will bring new business and increased employment in building industries represented here—tile, lumber, plastics, electrical supplies and plumbing.

Sand and gravel men will help build and repair highways. Mail will travel mostly by air, banks will get their surplus money into interest-earning loans, adult education will swell the roster of night schools and salt companies will be dealing with world markets, 10 miles of new water mains and a new sanitary district are already planned on paper.

Older men and women called to service from voluntary retirement will again retire to make room for younger people returning from the armed services. This was the picture presented at the request of President George Stratton, who conducted the round table. Deferment of all but essential work till after the war was recommended.

PNEUMONIA CAUSE  
OF TEACHER'S DEATH

CENTERVILLE — The death of Miss Loreva Langeberg, teacher at Washington Union High School was caused by pneumonia, according to the findings of an inquest held by Coroner Mark L. Emerson in Oakland.

Miss Langeberg, found unconscious in her apartment on the morning of October 4 was taken to an Oakland hospital where she died. An autopsy uncovered the fact that the woman was in a weakened physical condition due to a weight-reducing medicine of which she had been partaking.

Miss Langeberg's father, Charles Langeberg, chief of police of Britton, S. D., arrived October 7 and accompanied the body to Bell Rapids, S. D. for burial. The body has been at the Eastlawn Chapel, Oakland.

PRESSMAN AT  
CENTERVILLE  
KILLED BY CAR

CENTERVILLE — James O'Brien, 67, was killed as he was walking along the highway between Irvington and Centerville Sunday night. Frank Gratzler of Pleasanton, driver of the car, told officers that two cars ahead of him swerved to avoid hitting O'Brien, but that the man kept on walking into the road and stepped directly in front of his automobile. Gratzler was not held.

O'Brien was a native of Kentucky and a Spanish-American War Veteran. He had been in and out of Washington Township for the past seven years but left here about five months ago. During his stays in Centerville he operated presses at the News office.
